# Designing a Custom Wooden Hanger

Hangers Direct's™ unparalleled selection of body styles, finishes, hooks, clips, notches and shoulder accents will elevate your entire line above the competition.

Each section in this catalogue has been strategically categorized to help you design the perfect hanger — one component at a time!

## 1 BODY

The sturdy mainframe of your Hangers Direct™ hanger creates an image unique to your brand, and can be cut to fit any shape, thickness, length or size.

## 2 FINISH

To complement its wide variety of custom wood, metal, and fabric-covered hanger material, Hangers Direct™ offers glossy, matte, metallic and textured exterior finishes that enhance the overall look and feel of your hangers.

## 3 HOOKS

This functional support element attaches to the body of your hanger, and is reinforced to support even the heaviest garments in your product line.

## 4 CLIPS

Hangers Direct™ clips come in a variety of attractive styles and sizes, and gently but firmly secure your garments to ensure that they'll always hang correctly.

## 5 NOTCHES

All Hangers Direct™ hangers can be notched on the shoulder to provide you with an assortment of convenient hanging functions for garments with straps of all shapes and sizes.

## 6 SHOULDER ACCENTS

Hangers Direct™ offers an assortment of decorative shoulder accents that provide additional protection against slippage, while enhancing the aesthetic appearance of each hanger.

## 7 LOGOS

Incorporating your logo design into each Hangers Direct™ hanger enhances your company's commitment to quality, and reinforces your brand's recognition in the minds of your existing and prospective customers.

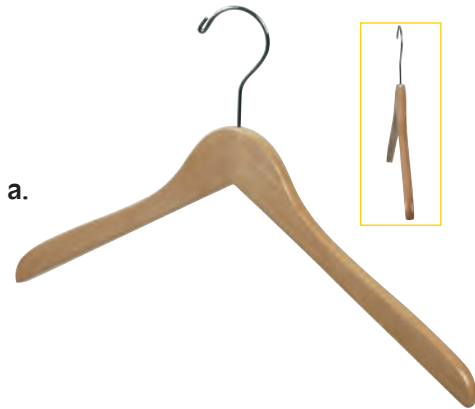

Hangers Direct™

# 1 BODY

Hangers Direct™ dress / shirt hangers are beautifully crafted from the finest polished hardwoods, and feature a desirable assortment of custom shapes, necklines and ends that will enhance the quality of your entire product line.
